Risk Assessment

Name of Group	LUUMAFU	Date of Assessment	20/09/2011
----------------------	----------------	---------------------------	-------------------

Hazards?	Who might be harmed and how?	What are you doing already?	What further action is necessary?			
			Action required	By whom	when	Done
State of the pitch	Players might be harmed if pitch is of a poor standard or there are objects on the pitch that shouldn't be there	Referee checks pitch before every game				
Equipment	Balls, cones, goals should be in good condition to avoid any accidental injury	Check equipment before every match/training session				
Faulty Goals	Players will be harmed if an unsafe goalpost falls	Referee checks pitch before every game				
Unsuitable personal equipment	A player not wearing the right equipment e.g. boots/shin pads is more prone to injury	Players without the right personal equipment are not allowed to play
