

Leeds University Union

Code of Good Practice for: **Real Ale**

The Real Ale society aims to welcome and include everyone (students and non-students alike, see Unions policies for non-student members) who is interested in tasting Real Ale and Cider, and learning more about the way it is made.

The social events will be held every week, on different night so everybody has a chance to enjoy our meetings. Our socials include visiting pubs in the areas around Leeds as well as local pubs in the city. We hold different events including Brewery Tours, Meet the Brewer, and Beer Festivals to make people aware of locally produced ales as well as the larger companies that produce ale. We also hold a trip to Europe in the Easter Break so our members can try European beer in its own country.

We promote safe and responsible drinking whilst providing variety.

If it is necessary for a member to sign up to a social or payment is needed in advance, information and guidelines will be made clear about refund/ cancellation policies of the society or any third party companies.

No previous experience is necessary, you only need to turn up and enjoy our events.

The society follows the LUU social guidelines.

We the undersigned agree to uphold the above code of good practice
