

Leeds University Union

Code of Good Practice for: LUU Irish Dance Society

This document runs alongside the constitution. If you wish to raise issue with the contents of this code, please contact the committee named beneath in some circumstances it may be necessary to hold an EGM.

Ethos:

The LUU Irish Dance Society is all about fitness, fun and making friends whilst learning traditional Irish dance (both soft and hard shoe dances). With the dances created in the classes we then go on to do displays in and around the university and indeed around Leeds and beyond. One of our main focuses is the annual LUU Dance Show which is a brilliant event for all partaking.

The society will help you learn, reinforce or increase your Irish dancing ability and we aim to help build up your confidence and your performance skills in a friendly and welcoming environment.

What the Committee Does:

The main purpose of the committee is to teach the members, organise displays and socials whilst keeping members safe at the same time. We are also involved in organising the Dance Show as well as keeping members regularly informed about upcoming displays, events and changes to class times (should there be any). All this is done through our society e-mail account which only the committee have access to.

What it Means to be a Member:

Being part of the LUU Irish Dance Society means you'll be part of a close knit group who all enjoy meeting up and having a good time learning Irish Dance as well as going out on socials and meeting people outside of the 'classroom setting'. It is a great way to meet new people and to try out something very unique if you haven't done it before.

To be a member, and to learn safely, we do have a few guidelines, these are:

- Bring water to every class.
- Wear suitable footwear i.e. wear trainers, jazz shoes or Irish dance shoes.
- Inform the teachers of any injuries, illnesses or disabilities; this doesn't by any means have to be done in front of the class and anything said will be in strict confidence between the LUU Irish Dance Society Teachers.
- Abide by LUU Social Guidelines

Please also note that belongings are left in practice rooms at the owner's risk.

We the undersigned agree to uphold the above code of good practise
